You're not to know
It just won't care
I won't my trade my secrets with a millionaire
Who offers me money to
Share the truth

I'm nobody's business
I'm nobody's fool

Dreams are forgotten
Or misunderstood
The right direction is
Somewhere through these words
This words of rejection and
Big white lies

I'm nobody's business
I wear nobody's tie

Pictures on postcards
In a mannered heart
The smell of memories in the
Great big fog
Offered me raindrops of
Drops of moon

I'm nobody's business
I'll sing nobody's tune...
