Gonna get me a girl, just to do like a squirrel
I'm gonna use like a lovin' machine
I'm gonna get her right, gonna get her tight
I'm gonna take her down into my scene
I'm gonna get me a boy, just to use like a toy
I'm gonna meet him at the corner at nine
I'm gonna stay up late, gonna rule his fate
Gonna love him with sherry & wine
You gotta keep on prayin'
gotta keep on prayin'
When you're down by the side of the road
You gotta keep on prayin'
gotta keep on prayin'
if you wanna get into my soul
I need my jukebox wired
Need my body on fire
Need some blues on my rhythm & beats
Need my fingers bleeding, need my highschool
readings
Need my tool on some beaten meat
Gonna break the rules, gotta find new tools
Gotta step right into your dream
Gonna haunt your sleep
I'm gonna get him deep
Gonna blast love into full steam
You gotta keep on prayin'
gotta keep on prayin'
When you're down by the side of the road
You gotta keep on prayin'
gotta keep on prayin'
if you wanna get into my soul
you gotta keep on, you gotta keep on...
