here he lies deceiver
with the whole world in his hands
kill two birds with one stone
it's a half-ass trip
or am i standing still?

(chorus)

you don't need to bother me
with your electromagnetic guilt
(and)you don't need to bother me
He is all around

(verse)

what circumstances come to
the cell of burning fields
(oh)what circumstances come to
the hell of burning dreams
or am i standing still?

(chorus)

you don't need to slaughter me
with your sifting streamline guilt
(and)you don't need to slaughter me
He is lasting sound
