"Flash In The Night"

As a break of dawn came closer, all my hopes seemed
so forlorn
The misty signs of laughter and the light eluded all
And my despair was caught in motion, a face just
barely true
Shadows in blue

A flash in the night, a flash in the night
A flash in the night, a flash in the night

In the changing of the season, releasing one lost name
The scar once healed forever dissolving in the rain
A twig snapped in the clearing, a glimpse of golden
skin
My face within

A flash in the night, a flash in the night

And my despair was caught in motion, a face just
barely true

A flash in the night, a flash in the night
A flash in the night, a flash in the night
A flash in the night.
