[Chorus]

I'm levels above that's blatant
Just check my punctuation
I'm coming to take it run with the game
None under the sun's adjacent
I'm levels above that's blatant
Just check my punctuation
I'm coming to take it run with the game
None under the sun's adjacent

Question mark you guys ain't moving step up you level
I'm on the ground with the heat, the devil, the street,
The ghetto, the scene (huh) who's hot full stop
After I slept with talent I divorced my nerves
And my mixtape it recorded my birth

The heat starts when my speech marks (Yeah)
When they cut the cord then I knew that I must perform
My worst bars way above the norm
And that's no estimation exclamation
New paragraph each time I write
Screw managers they just want a piece of the pie
You'd think they knew I move food
By the way they wanna eat of my lines
Comma look I can see through my eyes
I can hear through my ears
I don't wanna get locked cos I'm fearing the years
Comma I'm already behind bars
