Lyrics by Killjoy

Beaten whipped and tortured  
nailed upon the cross  
halo of thorns driven deeper  
no pity for the son of god

To die for nothing  
suffering in vain  
sins aren't forgiven  
forever burning in your name

cauterizing the wounds of christ  
Nothing to gain or inherit  
persecution only lasts so long  
faith grows weaker  
the meek are never strong

To die for nothing  
suffering in vain  
sins aren't forgiven  
forever burning in your name

cauterizing the wounds of christ
