Visit "[Perpetual Domination](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Open blind eyes  
To the ways of old  
Substandart morals  
Foundation for the wear

Let me free your mind  
Programmed thoughts  
Christian cancer

Victims lost and left for dead  
Begin a new dawn of redemption  
It's there for the taking  
A willing sacrifice

Let me free your mind  
Programmed thoughts  
Christian cancer

Perpetual domination

Perpetual domination

Soul is born indifferent  
Fallen from breathless god  
Vanity and ignorance  
Virgin to king

Let me free your mind  
Programmed thoughts  
Christian cancer

Beckon forth desires  
Suffer the weak lambs  
Breath into my form  
Blessed by the lost of trinity

Let me free your mind  
Programmed thoughts  
Christian cancer
