Sovereign is dying  
Lifeless cold and blue  
Virgin summoned  
Lay upon his corpse

The stench of decay  
Incense for the watchers  
Eager to feed  
Off the sin

Share the warmth  
From her fair skin  
Aroused and cold from the lips  
Of a cadaver

Disciples begin to breed

Raping seeds from the body  
Reincarnating their beliefs

Arisen from death  
Sacrificial offering  
Sovereign reborn  
Through the blood of the pure

Implant the rotting organs  
Souls of the living damned  
Anger to feed from  
The taste of sin
