Refugee public,
Akon, on and on
Can I go in for a minute
?cause there?s no limit to the cash money hip hop
Get things unchanged but they stay the same,
I see molly as the new cocaine
I see them rappers with the big old chains,
Remind me of the sick regrets
And rock in with the microphone fin,
And Bobby Brown was the RnB king
Yeah, the... rapper wanna bang,
What happen to this, we were all in the same game,
Missy and Timbaland original dubstep,
And bin bought I had a few Sean to take that,
Met my daughter in seven I had to put her in check,
And let her know that here I ask more than medicine
and alphabets.
She in Miami with her mami,
She like dad that he teach her how to dug it,
Things unchanged but they stay the same,
I?m bumping eyes in the ring now I?m memory lane
Tired and most death, PI bought them lectures
My first music video rock M I was the extra,
Run the... round rap, now runs in preacher,
And we all the poor write just teachers.
Crush groovin, body movin?
Brasil thuggy fresh Bismark kept me be boxin.

And can?t fight the evil or warriors,
Your MC like you?re not be easy, Queen Latifah?s
Look pretty... and the visa,
And every feel I have the crash, so I?m pepper,
She so Lordy by mention, long live inside
Readin on a wolf game gang pack,
Things unchanged but they stay the same,
I see molly is the new cocaine,
Yeah I see the rappers... poppin? champagne,
And beasty boys that rip new band.
... cocaine, and Bobby Brown was the RnB king,
And we all wanted to be rustles and men
What happen to the day when we were all in the same
