I can see my fantasy I'm so consumed in bed  
What I see takes over me I'm blind beyond repair  
It takes a hold of me so tight a breed that does not give  
And when she's done she throws me out like junk left in  
a shelf

Yeah

I wanna have the right  
I wanna feel the night  
Around the stars  
Wanna take a flight  
Get back on my sights  
Around the stars

I can see all my words I can feel the warming breeze  
I can see through forests I can hear her breathe

Walking for a thousand miles I can see the road  
And at the end i find I'm with her sharing eachs soul

Yeah

I wanna have the right  
I wanna feel the night  
Around the stars  
Wanna take a flight  
Get back on my sights  
All round the stars

Walking a solo ride  
Trying to reunite  
God I'm so mixed up  
I will find you

I wanna have the right  
I wanna feel the night  
Around the stars  
Wanna take a flight  
Get back on my sight  
Around the stars

Yeah

I want to have the right

God I want to feel the night  
Around the stars  
I want to have the right  
I want to feel the night  
Around the stars
