Hi sorry to call so late
I just I was missing you
And I just wanted to talk
Maybe we could talk tomorrow

Make up your mind, don't you want me
Like I, I want to feel that, touch
That haunts me every night
It felt so right

I just want you, you know I
I just want you, there's no hiding
I just want you, do you want me?
So far away, another night all alone
Another day, another telephone call home
But one day, I'm gonna find a way to
Make you stay in my arms 'till everafter comes
Till everafter comes
You are the one

I just want you, there's no denying
I just want you, there's no hiding
I just want you, do you want me?

Got a feeling that it's time to make a change
Got a feeling that things can't stay the same
I feel my heart losing control
Ohhhhhhh
ooooooooooooo
Don't you want me too?
I just want you, you know I
I just want you
I just want you
Do you want me... around?
I just want you, you know I
i just want you
Don't you want me too?
I just want you
Do you want me?
Oh... How I want you.
I just want you, I just want to hold you tight

I just want you
Don't you want me too
I just want you
Don't you want me?
