Kicks

Everything is everything and everything is fine
I just wanna get some stuff that tangles up my mind
Burn the disco, burn the house
You're the coolest thing around
You're all that I've been waiting for
Let's tear the whole place down

You are making me feel real
Giving me a thrill
Oh and
You, colliding with the sound
Sliding baby, get your money down

I think I'm gonna get my kicks tonight
Sleepless nights on cocain
I think I'm gonna get my kicks tonight
You're gonna help me burn out bright

The city is a jungle and they'll eat you when you're fake
I stood here so many times waiting for a break
Everybody wants to be a star that's shining bright
I know when I get lucky I get absolutely wild

You are making me feel real
Giving me a thrill
Oh and
You, colliding with the sound
Sliding baby, get your money down

I think I'm gonna get my kicks tonight
Sleepless nights on cocain
I think I'm gonna get my kicks tonight
You're gonna help me burn out bright

If i'm not a millionaire
Then I better soon be
Getting there
You're gonna help me, we'll take our chances

I think I'm gonna get my kicks tonight
Sleepless nights on cocain
I think I'm gonna get my kicks tonight
You're gonna help me burn out bright
You're gonna help me burn out bright
You see, you're gonna help me burn out bright
You see, you're gonna help me burn out bright
You see, you're gonna help me burn out bright
She burns out right
