she's like a lost flower growing out through a crack
and a bustling sidewalk moving like a river so sad
so hey where we going tell me where we've gone
was there love and fury energy and passion

so fuck your rules man you step off you'll go down fast
ive got to release all the shit that has made up my past

so go paint your face and proclaim thy warrior sword
cos life is a brutal fight until we show
a shade of time listening for we are all distinct
and our waiting hour transending to release

so fuck your rules man you step off you'll go down fast
ive got to release all the shit that has made up my past
so go grat your soul dance baby time to be yourself at
last
unshackle your life spirit by a river from the past
cos its gone

like a lost flower flowing with that wind
like a sad river who has no end

so fuck your rules man cos here comes my passion
so fuck your rules man cos here comes my love
so fuck your rules man here comes pure energy
so fuck your rules man cos here comes my fury
so fuck your rules man so fuck your rules man
so fuck your rules man so fuck your rules man

so fuck your rules man you step off you'll go down fast
ive got to release all the shit that has made up my past
so go grat your soul dance baby time to be yourself at
last
unshackle your life spirit by a river from the past
