Viva la raza.....  
if youre not cheating youre not trying  
i lie i cheat i steal  
i lie i cheat i steal

Mamacita i got the passion that sat for long  
guerrero so they fall in love with the lacking term  
One woman isn't enough amigo  
siempre recojiendo mas mujeres por que somos latino  
im tougher than tough calling you buff cause  
i lie i cheat i steal  
i lie i cheat i steal  
i don't care if you like me, Everybody wants to fight me  
Hey, oyelo clarowe aint the ones you want to meet  
no ay nada mas caliente  
im to hot for you  
Latino heat,

i cant be weak  
coming from the streets at the ghetto  
at the end of the week we get to keep your dinero  
your fast asleep  
when i sneak in your casa  
your life sucks when your bankrupt  
and i laugh, trust me

The End by proDSHIZNT ps. this is the new eedie theme
