Yo, I'm gonna dedicate this day right at Woodstock '99,  
DMX, Limp Bizkit, Sheryl Crow, amongst many.  
Yo, just before I got on stage this chick came up to me.  
She offered me something,  
It looked kinda strange,  
It was in a bag,  
I said Yo girl let me talk to you real quick, Yo.

I don't sniff cocaine cause it mess up my brain.  
For sexual stimulation, i never did no Ecstasy.  
I don't pop pills, I never did no LSD.  
But I wouldn't mind a kiss from Mrs. Mary.

Cause she's homegrown and you can hold her in her  
backyard,  
Wooooo-ooo-oooo-oo-o.  
She's homegrown and you can get a kiss in her  
backyard.

I remember when I was a young boy,  
I went to my grandad said, Daddy can i get a pull.  
He looked at me, said, son, man, you're too young, kid.  
When you get old enough and you understand,  
I'll let you get a kiss from Mrs. Mary.

'cause she's homegrown and you can grow her in her  
backyard,  
Wooooo-ooo-oooo-oo-o.  
She's homegrown and you can hold her in her  
backyard,  
If she allows you to, you can hold her up,  
She's homegrown and you can kiss her in her  
backyard,  
Wooooo-ooo-ooooooo.  
She's homegrown, I'd like to be with you in her  
backyard.

This is when she looked at me,  
She said Wycleff this what i want you to do son,  
C'mon inhale, exhale, exhale, inhale, inhale, exhale,  
now hold it now.

Inhale, exhale, inhale, exhale, exhale, inhale, now  
breathe in my face  
Mary G, Mary G.

She said that she's homegrown and you can grow her  
in her backyard,  
Woooo-ooo-oooo-oo-o.  
She's homegrown she said 'clef I'll kiss you in my  
backyard.  
And my daddy don't need to know.  
She said that I'm homegrown and you can grow me in  
your backyard,  
Woooo-ooo-oooo-oo-o.  
I'm homegrown and you don't need to worry for my  
backyard.

That's when i said i'm gonna get in trouble, I gotta go  
girl.  
This what she said na na na na stick me lighter to take  
me higher and higher.  
Na na na na na, stick me lighter to take me higher  
(flashback)and higher.  
Na na na na na (I feel nice) in the bathroom stoned.  
(I'm about to take you higher)  
C'mon y'all wooo-ooo-oooo.  
(I'm about to take you higher)  
Wooo-ooo-oooo.  
(I'm about to take you higher)  
Yo for anybody sleepin on my guitar skills,
