I'm all grown up now, and I've listen and learn
A True Star and I'm finally gettin my turn
Took my hell, earned my spot
Im a be here for a minute sonny boy if you like it or not
When you think chicks and whips
I'm on the out though
Im Laid back, sun in my face, just like Pablo, now I'm
turned around
Now that the world is mine
Aint a cloud in the sky that could stop my shine, I loved
it
I didnt came from the grime and grit
Now Im on top shinin on rhymin shh..
When you think about me you think of the best
Like a full length mink, going a new corvette.. yes
When I spit consider the mess
I mark my ass,
6 digits nothin less
When you think of Jackie O you think of success,
success, success

I'm all grown up now
Gonna show this world how a woman takes on it all
And watch the old guard fall
I'm ready for, the, world to come to me
Everyone to see
I'll make you believe I'm in control

Destiny Shines
Take your fame and make it mine
Listen, yo, that old cheap flow gots to go
I took my setbacks, got knocked out, but I aint sweat
that
Tried to lean back, count chips, and get my green back
Sick of loss, bumpin me back, like who the boss
Im a show you how ta floss in the box a boys
Never thought it be this way, uh
Till I made it on BIG
Got my money right
Fames what I've waited on
For years I've been hated on, spit on, and kicked on

Aint nobody stoppin my flow, Im a let you know baby
girl a big show
Rise and fall one blink of the eyes, surprised? You cant
take us on
See life try to do me, snuff me one to me
Industry is shady, family tried to sue me thats the life I
live
Try to shush me I come back strong, stay on top and
last for long

I?m all grown up now
Gonna show this world how a woman takes on it all
And watch the old guard fall
I?m ready for, the, world to come to me
Everyone to see
I?ll make you believe I?m in control

Im all grown up now.....
