And besides dirtycash talkin to her  
Buyin' her fake furs and takin' her to the fever  
Quite as his kept that ain't even his benz  
She spends his franklins at the malls with her friends  
Material girl, livin' in a material world  
But it's alright cause it's saturday night  
So mista funkmaster pump the bee-gees  
And all you college students bring your ouijas'  
Check the spellin, r e--f u g e--e get the cd from sam

Hopin that the game treat that ass a little kinda  
Every step tango'd

My crews slang flow worldwide like a current  
Wit da every spot where nobody get insurance  
Brotha do the math you ain't half near exotic  
My man's claim true - you - forget about it  
Pope hoe just a new stance like my influence  
Well recognize you a lie tryin do it  
Got juice told your lady oops

Smooth and charismatic automatic  
You gonna save me  
God bless the day that my sons survive  
We strive to teach the youth baby and stay alive
