Think you can tell us what to do?
Think you can tell us what to wear? (ha ha ha)
Think you're better?
Well you better get ready, bow to the masters

SSSSSSSSSSuck it

Degenerate into something fool
I just got tired, of doin' what you told me to do
But that's the breaks boy (Yeahhhh)
That's the breaks little man

Tell it
X-Pac, puttin' more minds to a stop
Speak my mind,
I keep it rockin' the bottom line
Suck it
Two tears in a bucket
And then another thing
I'm not the one they'll try their luck with
Hit hard like brass knuckles
See your face through the turnbuckle dude
I got no love for you

Make some noise!

Degeneration X
Who's gonna kick your ass?
Degeneration X
Make some noise!
Degeneration X
Who's gonna kick your ass?
Degeneration X
I'll tell ya

Feel good, destroy you and your boys
Mother mother make some noise
That's even if you're paranoid
Blind still
Things fly
Keep it rockin'

Tell someone how it feels
And then you'll know the deal
One of the illest that never half-stepped
I demolish opponents and knock out the ref
X-Pac

I'm gonna kick your ass

X-Pac

What I wanna be
That's what I wanna be
To be someone else
Put it away
Put it away like a book on a shelf that you can't read
(yeah)
You can't read boy

Degeneration X
Who's gonna kick your ass?
Degeneration X
Who's gonna kick your ass?
Degeneration X
Who's gonna kick your ass?
Degeneration X

I tell ya
