Well I'm burning inside
With a soul that's on fire
Maybe too hot for the the touch
But baby, feel my desire

You start a fire in me
You are the air I breathe
Watching the flames burn high
Feel my desire, feel my desire
You start the fire

You turn the keys
That drive the flames higher
Driving too close to the sun
Baby I'm dripping with desire

You start a fire in me
You are the air I breathe
Watching the flames burn high
Feel my desire feel my desire
You start the fire

Start a fire in me
You are the air I breathe
Watching the flames burn higher and higher
Feel my desire
You start the fire

There's no letting go
Never ever run away
We'll walk into the darkest of nights
And baby you light my way

You start a fire in me
You are the air I breathe
Watching the flames burn high
Feel my desire, feel my desire
You start the fire

You start the fire
You start the fire

Burning inside
Burning inside
You start the fire
