Forever

All the planes are grounded and the airport is closed
Somewhere in the distance think mist clouds roll
As a strange low voice starts to address your soul on
forever

Unbroken chains of empires of mescaline
Where time stood still from the second century
Flow through space so soft and constant until forever

And the rain it splatters with the cracks of thunder
In an unknown time and year

Let it suck me alive
Into the eye of the hurricane
Let it wash me aside
In the dark of the driving rain
I guess I'll always be drawn right into forever

The college is filled with girls that never smile
They gaze in sadness with wide enlarged eyes
Blood drips from their hands like crucifixes forever

Last night I took a ride in a taxicab
The driver said life should be more than just a drag
He looked in the rear-view and lit another fag on
forever

And the rain splatters on our long gone bones
In an unknown time and year

Let it suck me alive
Into the eye of the hurricane
Let it wash me aside
In the dark of the driving rain

What if I don't fit in at all
It's better to adjust what I don't get what I want
I can't help to get the thought
That it's now or never
Now is not forever

2, 3, 4,

Let it suck me alive
Into the eye of the hurricane
Let it wash me aside
In the dark of the driving rain

Let it suck me alive
Into the eye of the hurricane
Let it wash me aside
In the dark of the driving rain
