All day, all night, all day, uh, alright

How a nigga gone slow down? Fence-ridin' ass nigga
Hope you on the right team when the shit go down
Oh you actin like a hoe now, well gone lay on your back,

To get the stacks, stacks, stacks

All day (all day), all night (all night)
Gettin' to it (gettin' to it), alright (alright)
All day (all day), all night (all night)

Work, work, gone and twerk out
Work, work, gone and twerk out
