I tried to warn him, 20 grand
And now they offed him
He down in Miami, sleeping with the dolphins
We tried to warn him
I think you crazy, boy

Must've had a death wish
I really dig, man
You must've had a death wish
If you're gonna test Opium Black
I really think you must've had a death wish
Talk to them, Black

To the slums a poor press, a king sell six
Fresh in a boatload to risk them bricks
Banana bow, banana clip
I hope you make afloat the way jumping ship
Need an antidote, I talk poisonous
This shit I smoke is the noisiest
Red light, green light, ma, you say what would be like
This some street lights, nigga, put that away
Me and them I cover you in dirt
Coffin, clothes, feed the trash, fear empire, feed your
thirst
I mean that, top of the life
You don't know about what you're running
The white boy must hate that
Wild for tonight I run for your life
Well, you're dead, can't give me no feedback
Big ole trapper, they go' Robocop in drama
Tell 'em they'll miss ole marijuana
I'm in it freakin' just to fuck you ana
I never drop out, I walk up on you
Monkey, banana, clip, drama
Arrange for me to go down, work hard
Late for me to go down, trust nothing
Slick women took ya down, get money
Eat with me, nigga down
You in a fish bowl, I'm in a shark tank
When you're this cold you give God thanks
We in bitch mode, we all rank, you bait

I tried to warn him, 20 grand
And now they offed him
He down in Miami, sleeping with the dolphins
We tried to warn him
I think you crazy, boy
Must've had a death wish
I really dig, man
You must've had a death wish
If you're gonna test Opium Black
I really think you must've had a death wish
Talk to them, Black
