Why you wanna shoot up your school today
Why you wanna shoot up your school today
Think about it, think about it
Think about it, think about it
Think about it, think about it
Think about it, think about it

Hold on, be strong
No matter what you're goin' through
You know it's gon' be okay, okay, today
Even when the earth quakes

Like I said on BET, from the hood to the projects to the mansion,
So you got no excuse
Stop blaming the recession,
Go harder for Haiti
Send a text on your phone, Y E L E, 5 0 1 5 0 1

Every block, every school, dream initiation
So build the world make it a better place,
like Michael Jackson we don't wanna see another 9-11 happen

Wish I had talked to them teenagers, with them rpg's
Goin' way head on with the navy seals
I would've told them theres a better way

Hold on, (aint gotta be that way) be strong
No matter what you're goin through
You know it's gon' be okay, okay, today, today
Even when the earth quakes

We gotta hold on, hold on, be strong, be strong
I know that you don't think that I can read your palms
But I see the dawn, the dawn, beyond
B'yond I can see the sunlight

And if the rain falls down,
It ain't nothing but a blessed day today,
The sun will shine after the rain dries

(Mavado):

To all mah thugs dat gone, memories live on, I guess
see you at the crossroad
So many cry when we die and they wonder if we're in
the sky
see you at the crossroad

I see you in my dream, dat night, dat crime scene
but don't worry, see you at the crossroad
Remember we still a team and I know you can hear me
now
see you at the crossroad

(Chorus)

Hold on(aint gotta be that way), be strong
No matter what you're goin through
you know it's gon' be ok, ok, today, today
Even when the earth quakes

We gotta hold on, hold on, be strong, be strong
I know that you don't think that I can read your palms
But I see the dawn, the dawn, beyond
B'yond I can see the sunlight

And if the rain falls down,
It ain't nothing but a blessed day today,
The sun will shine after the rain dries

She wants to know, she wanna know how long I been
playin'
As long as my mother, as long as my momma she been
prayin'
She bought me a guitar, she bought me a guitar at
eleven
She ain't want me be usin mac 11's

When I sing, so when I said daddy was gone 'til
November
I knew, I knew that he wouldn't be back in November
Cause I could've been the one in the bank with a shank
with a pump and a ski mask
But my bank is the stage, my 12 gauge is black ***

Hold on,(aint gotta be that way) be strong, be strong
No matter what you're goin through,
you know it's gon' be ok, ok, today, today
Even when the earth quakes

We gotta hold on, hold on, be strong, be strong
I know that you don't think that I can read your palms

But I see the dawn, the dawn, beyond
B'yond I can see the sunlight

And if the rain falls down,
It ain't nothin' but a blessed day today
The sun will shine, after the rain dries

If the rain falls down,
It ain't nothin' but a blessed day today,
The sun will shine, after the rain dries,
rain dries, rain dries
