She put a chopper to my head and she said,
'Boy, you're dead unless you tell me the truth,
Where you've been last night?'
'I was with Young Chop, cutting tracks in the studio!'
Hey, you don't believe me though!

Hey, she aiming at my temple.

Hook:

Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!
Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!

I guess that's why I said, 'someone call 911!'
Cause you never miss a good thing till it's gone!
The whole time she used to tell me a house is not a
home,
Unless she's in it, but she's trying to come.

She's about to go off, sound like 'em.. led off
This feels like a bad trick, demons in my mattress.
No, I shouldn't let her trying to take my head off
Should I confess, or should I let her error?

Hook:

Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!
Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!

I guess that's why I said, 'someone call 911!'
Cause you never miss a good thing till it's gone!

The whole time she used to tell me a house is not a
home,
Unless she's in it, but she's trying to come.

Now she's coming down the block
No back-up, I'm hearing shots
No.. I'm an open target
I already know she's cold hearted.
I'm trying to make her take these road
I rather berry you and guns and roses
She wanna know if I heard her loud and clear
On her momma she swears.

Hook:
Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!
Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!

And when I'm long gone, I'm no longer here!
Remember, I tried to apologize!
But deaf ears can't hear, no
So the chopper rang off
And my head came off
And my body got dust
All in the name of love!

Hook:
Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!
Hope n pray, hombre
Hope n pray, hombre
Hope n pray, hombre
When the chopper will go off, it will hit your way!

I guess that's why I said, 'someone call 911, yeah!'
Cause you never miss a good thing till it's gone!
The whole time she used to tell me a house is not a
home,
Unless she's in it, but she's trying me!
