[Hook]

Whoa, wish this was a metallica concert
I wish that it was music when we walk in the music
Someone ring the alarm, we sound like rock and roll
We sound like rock and roll
Whoa, wish this was man a rolling stone concert
I wish that it was music when we walk in the music
Someone ring the alarm, we sound like rock and roll
We sound like rock and roll

Problem officer? What were you lookin for
Man I ain't done shit, what the fuck you lookin for?
Guess it cause I rap, what has a rapper done to you, I
ask?
Smoke some weed, show his ass when he sag
Man erybody that look like me
Ain't the one you should harass and ask for id
You done never seen trevon martin in the hoodie in
conneticut
Shooting the kindergarten
Is it me, or can anyone see, our only history
While massacre will link to you,
With the ...link to me
Second the memo will strip for me
All because you scared to win
I go and see an urban movie, shoot the movie theater
up
Man that fucked up, cause I'm a good dude
And when I had tools, I knew when to use em
Usually likes the use of ...likes of me
My music ain't the problem shawty, not as far as I can
see

[Hook]

Whoa, wish this was man a summer jam concert

Look, shit real, but I'm riding
Too late for slowing this pace down
Late be linked I've been so cold
Gotta keep that bound on my waist line
Even though I don't want to, I got to
Look at what they did to the babies
I couldn't imagine the ...i'm feeling with something so
crazy
That's that shit that make you sick, lose all hope and
make you quit
Tryina piece this puzzle but shit don't fit
So many things I just don't get
They say in life it ain't nothing that's promise
We in the living hell, I just hell to be honest
The pain sounding like metal, the color of bonics
When it play, everything in the path of it demolish
Everyday the same stage, but a different show
It's hard to focus everyday but on a different row,
damn

[Hook]

Last days, revelations front page, 666 I'm the boss
Then as the peace rage
I send a message to the pagans with the ravens
The numbers tilted coop, the secrets locked up in the
Vatican
I guess this why my papa named me wyclef jean
I was named after the reformitator that was...
And ever since then, that they built churches in the
hood
But it's hard to see my cousins in a box made out of
wood
Statistically they said that I'd be dead by 23
I guess they didn't read the good book and see the
prophecy
The youngings said it's too deep, I'm tryina move these
rocks
X ray came back on his mom's breasts, they found
lumps
But he gotta hustle, his mama only man

He got 3 sisters, papa and a can
Desperate times, desperate measures
He pulled a 2 shooter, tell the click I want everything in
the register

[Hook]

Whoa, wish this was at a timbaland concert
I wish that it was music when we walk in the music
Someone ring the alarm, we sound like rock and roll
We sound like rock and roll
Whoa, wish this was a metallica concert
I wish that it was music when we walk in the music
Someone ring the alarm, we sound like rock and roll
We sound like rock and roll.
