Ladies and gents ...
Dressed like I'm headed to a yacht club social
Fresh, fresh, fresh to death
Dressed like I'm headed to a yacht club social
Fresh, fresh, fresh to death

Hanging out with tax evaders, white collar criminals
Chemist dudes, making money off illegal chemicals
Welcome to my yacht club, naked women, hot tubs
Come and get your membership
Remember just to pop up
Partering with members of parliament while I'm
partying no arguing
Now hardest regardless whenever harboring
Hanging out with socialist, smoking over some poker
chips
Motor boats and tits, frozen wrists, get a load of this,
fantastic
I'm back in the building to bag shit
White on white like the Utah jazz and practice
I'm taking shots on dodge, you hang with cops on
blocks
I got women on top on women, talking bout your ...

[Hook]
Wish life was like a yacht club, every woman I'm
getting, how can you stop us
We got judges on budget, not getting locked up
We don't wanna work a 9 to 5
Wish life was like a yacht club, every woman I'm
getting, how can you stop us
We got judges on budget, not getting locked up
We don't wanna work a 9 to 5

Mister enthusiastic, I keep a joobie wrapped with
He boobie trapped to a cutie's ass, when I move in
traffic
New is the fabric, I've been established
Truly the baddest, designer issues, my women coming
with louie baggage
With politicians, their mission is product driven

They giving the situation, the bank and the proly given
They stay...my target's the open waters
Overall into parlor, but ballin so they applaud us
Sippin on foreign lagers, harvested at a mugging
Don't park it, you gotta jock it, the carpet matches my
watch
I'm a star on the yacht, that's a motherfuckin spaceship
Wasted, double deck better let the pain drip
I'm rockin sandals when it's hot, it's the land of sinin
hammicks
When others panic, but damn that I've been managing
Fresh, fresh, fresh to death
Dressed like I'm headed to a yacht club social
Fresh, fresh, fresh to death

I've been some turbulence, they well cultivated the
curtious
The verdict is suburban and urban persons are both
conferment
I'm furnace in this bitch, now just picture me turning it,
permanent
How many people wanna ride tonight?
Talking big bucks bitch, like the sender from Milwaukee
Barclay's, when they putting liquor in my coffee
Drinkin sake, playin batchi, back and a little bit of
hockey
Cocaine with some hoes at cuervo, careful what you
don't say copy
Your chick to the video anthem, my shit that's real live
action
Buy ships, no projects, my process is taking over rapid
Open bar you could buy yourself, go ahead ...yourself
Making ...at the higher help
Policies, no apologies, all commodities are covered
Don't gotta feed quite possibly, I'm leaving with your
girl
I know, I know, they hate the way you down
I don't even own a ship, I got waiters all around
