I'm just sittin' here playing the guitar
City high, Claudette, Wyclef

Excuse me, if you see me screaming
But deep in my mind, I'm only dreaming
'Cuz if I wake girl and you're not by my side
I'd feel like half of me is no longer alive
So please shorty, before you walk out that door, booby
Would you listen to my song?

If only I give you one last chance
With the devil you can no longer dance
You got to be faithful, so we could be fruitful
Build a family and follow God's destiny
So just before I run to the block, papi
I might listen to your song

Ooh, before you walk out that door, listen
They say two wrongs don't make it right
So if I'm wrong I ain't tryin' to fight
I'm tryin' to have some dinner with some candlelight
Lay up in the bed and make love all night

So papi, I won't leave, maybe, I'll just stay
You promise me that you'll do the same
Girl, I'ma love you like I never loved you
Touch me like you never touched me
Girl, if you give me the chance
Girl, I'm gonna show you

Now baby, understand that I'll forgive you
But I ain't gonna forget that you brought me everything
Baby, baby, baby, baby, but I have grown from a thug
to a man
Built my castle with bricks and no longer with sand, ho
girl
And just before I run to the block, baby
I might listen to your song

Ooh, before you walk out that door, listen
They say two wrongs don't make it right
So if I'm wrong I ain't tryin' to fight

I'm tryin' to have some dinner with some candlelight
Lay up in the bed and make love all night

So papi, I won't leave, maybe I'll just stay
You promise me that you'll do the same
Girl, I'ma love you like I never loved you
Touch me like you never touched me
Girl, if you give me the chance
Girl, I'm gonna show you

I'm so used to the pain that I
Can't see the sunshine no more
I'm so used to the pain that the
The sickness feels like a cure

But if only you gave me
The keys to your soul and let me in
I'm gonna love you over and over again
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah

They say two wrongs don't make it right
So if I'm wrong I ain't tryin' to fight
I'm tryin' to have some dinner with some candlelight
Lay up in the bed and make love all night

So papi, I won't leave, maybe I'll just stay
But promise me that you'll do the same
Girl, I'ma love you like I never loved you
Touch me like you never touched me
Girl, if you give me the chance
Girl, I'm gonna show you
Show me, yeah

I ain't gonna stand on the block no more
I'm gonna come home early girl, I promise
Yeah
