Me and my baby are goin' steady
We're not married but we're gettin' ready
To tie the knot I'm a gonna make her my own
Now that I've found her I'm gonna keep her
Finders keepers losers weepers
She's my baby she's goin' steady with me

Well I've been a honky tonkin' round nearly all of my
life
Now that I found a steady girl I'm a gonna make her my
wife
All you rounders just leave her alone
Don't even try to call her on the phone
Cause she's my baby she's goin' steady with me
[steel]
Oh we'll get the rings and be on our way to see the
preacher man
And when you say I do sweetheart I'll slip the ring on
your loving hand
Everything is gonna turn out fine I'll be yours and you'll
be mine
You're my baby and you're goin' steady with me
You're my baby and you're goin' steady with me
