I keep forgettin' not to remember you to get you out of  
my mind  
Never more to be swayin' by all of your charms  
I keep forgettin' not to remember you oh so much of  
the time  
How I wish you had stayed here in my arms

There's no sleep for me no more I stay awake and walk  
the floor  
I keep forgettin' that we're supposed to be true  
Loneliness is my downfall for some time I almost climb  
the wall  
I keep forgettin' that I've forgot about you  
[ guitar ]  
I can't get used to it there's no end to it feeling lonely  
all day  
Some old mem'ry's always coming around  
And that old memory comes to torture me and I know  
right away  
That I'll have to forget all over again

And there's no sleep for me no more...
