From: It's Too Late To Stop Now (KCRW Radio  
broadcast, july 1988)

If you ever  
If you should ever need a fool  
And if you ever  
Need a place you can run to  
I will hold you in my arms  
Shelter you from harm  
What else could I do  
I would be there  
If you should ever need a fool  
If you ever  
Need a place that you can hide  
And if you ever  
Need a place that's warm inside  
I will rise up to the call  
No questions asked at all  
What else could I do  
I will be there  
If you should ever need a fool  
(guitar)  
I would rise up to the call  
No questions asked at all  
What else could I do  
I would be there  
If you should ever need a fool (4X)
