Kiss-a me when I'm feeling blue kiss-a me honey I love
you
Kiss-a my lips and I'll-a be rich oh kiss-a me love-a me
love
Hug-a me honey anytime hold-a me squeeze-a me till
I'm blind
Give-a me you and I'll-a be true oh kiss-a me love-a me
love

Call it intuition or anything you choose
Say it's premonition but somehow you just knew
That I'd-a want-a you'd-a
Hug-a me honey anytime hold-a me squeeze-a me till
I'm blind
Give-a me you and I'll-a be true oh kiss-a me love-a me
love
[piano - steel]
Call it intuition or anything you choose...
Oh kiss-a me love-a me love oh kiss-a me love-a me
love
