Words Paul Zarzyski/ Music W. Gustafson  
(Bucking Horse Moon Music /Two Medicine Music, BMI)

Saddle broncs and sagebrush  
A buckskin called Gold Rush  
Was the baddest caballos  
A cowboy could ride  
Shaggy manes and trail dust  
Grandsons of Pegasus  
Slip off the blinders  
And head for the sky

Saddle broncs and sagebrush  
Way back when they really bucked  
Today they call it a rodeo  
Shaggy manes and trail dust  
Fifty head from dawn to dusk  
When ridin' for 8 seconds  
Ain't what we called a show

Saddle broncs and sagebrush  
On the Rio de la Vacas  
Greasewood, chamiza  
Clouds thick as fur  
Shaggy manes and trail dust  
When the jack rabbits flushed  
They'd break right in two  
And give us three halves to spur

Saddle broncs and sagebrush  
No bright lights of Vegas  
No ladies to love us  
Just because we rode  
Shaggy manes and trail dust  
A buckskin called Gold Rush  
Was the baddest caballos  
That I'll ever know
