I never meant to hurt you
She was just a friend.

I know I've made mistakes,
Times before did ignore
The pain in your voice
There was writing on the wall.
And it don't take a fool to see
You were right for me, meant to be
In the beginning, why we had to take this fall

Chorus

Tried my best to show you I loved you
Even though i hurt your emotions
She was just a friend I knew from before
She was just a friend
There was nothing going on
Girl all my lifes for you

Girl I never meant to hurt you
Didn't really mean to hurt you
Tried my best to show I love you
And it all turned out so wrong
Ill be sitting waitinng for you
Cuz I know patience is a virtue
Gonna do just what i got to
Girl I love you

Chorus

I had some time to think about this
She's your friend and not our friend
That was a problem from the beginning
I care for you and I trust you too, without guessing
But intentions of some folks I had to question

I tried my best to show you I loved you
I never thought you'd hurt my emotions
If she was just a friend then why does it hurt so
If there's nothing going on honey I will stay with you

It's like a plan gone wrong since you've been gone
Nights alone, my worlds gone cold, it's like i'm
hiding from my soul

I had to meditate and concentrate on doing with
disappointing me.
Honey I want to come home

Chorus

Chorus
I never thought you'd hurt my emotions
