I laid a red rose on your front porch  
And wrote 'I love you' on a note  
I rang the doorbell and turned to go  
Baby when the curtains moved, I couldn't believe the  
view

I saw the light in your window tonight  
I saw two shadows holdin' each other tight  
I know the truth, when I look in your eyes  
I saw the light in your window tonight

So take your cheatin' hands off my red dress  
'Cause I ain't wearin' this thing for you  
I see you clearly now and your lies too  
They say that love is blind, baby not this time

I saw the light in your window tonight  
I saw two shadows holdin' each other tight  
I know the truth when I look in your eyes  
I saw the light in your window tonight

Why baby why, should I listen to you?  
I cry baby cry, now I'm walkin' out the door

They say that love is blind, baby not this time

I saw the light in your window tonight  
I saw two shadows holdin' each other tight  
I know the truth when I look in your eyes  
I saw the light in your window tonight

I know the truth when I look in your eyes  
I saw the light in your window tonight
