We all want to make our place in this world
We all want our voices to be heard
Everyone wants a chance to be someone
We all have dreams we need to dream

But sweeter than any star you can reach
Is when you reach and find you've found someone
You'll hold this world's most priceless thing
The greatest gift this life can bring

If you can look back and know
You were loved

You were loved by someone
Touched by someone, held by someone
Meant something to someone, loved somebody
Touched somebody's heart along the way

You can look back and say
You were loved

You can have diamonds in your hand
Have all the riches in the land
Without love do you really have a thing
When someone cares that you're alive

When someone finds their world in your eyes
Then you'll know you've found all you need
You'll hold this world's most priceless prize
The sweetest treasure in this life

If you can look back and know
You were loved

You were loved by someone
Touched by someone, held by someone
Meant something to someone, loved somebody
Touched somebody's heart along the way

You can look back and say
You were loved

So many roads that you can take
Whatever way you go
Don't take that road alone
Better you know

You were loved by someone
Touched by someone, held by someone
Meant something to someone, loved somebody
Touched somebody's heart along the way

You can look back and say
You did okay, you were loved
So remember to tell that one
You are loved
