Came home exhausted
Still thinking about you
Checked the inbox only
To find that there is nothing new
It's like hoping for the sun to rise
In the midst of heavy rains
Yeah, we better have this analyzed
Before I turn insane
And all you ever do is understand
Your usual selfish side
How come it comes down to nothing?
When I've swallowed my own pride
Can't see what's the point
In being your slave for eternity
But I stand here waiting
Enduring the pain that's killing me

Sun has fallen from the sky
Stars no longer shining
Purple sky has turned gray
And it makes me want to
Scream

We're no longer giving light
Us no longer talking
Rain would not shower love
And it makes me want to
Scream

Now, I'm sort of thinking
How about me leaving you?
You will cry, you will sigh and you
Is there anything you wouldn't do?
Then you'll buy my patience
How come I can't turn you down?
I'm so confused, and so inflamed
Oh, I just can't stand to see you frown

I will stand here waiting
By the time the sun comes falling
I will be there for you
No matter what you say or do

I will stand here waiting
By the time the sun comes falling
I will be there for you
Can't stand it
I'd be there for you
