Are you living free?  
That the creation itself, will be liberated,  
From it's bondage  
To decay to glorious children.

Nothing's the same as when we were abandoned then.  
We've tied a rope to one end to alleviate the stress,  
And pardoned all your attempts at wisdom let's we all  
forget.

Let's we all forget about you now.  
Running around again.  
Making it all worth seeing.

I'll never be complete till,  
We take what's inside and turn it back again.

Turn it back again before we fall.  
Taken away from all we are  
(Now the walls we shake my God)  
Faith work your way down every heart  
(The more we face my God)

Strike as their consuming!  
Fight off the bloodthirsty!  
The battle we fight is a rightful gain

The visions we have show a violent rein.

Will you judge this city of bloodshed,  
Oh, infamous city that you turmoil in.  
Within you are slanderous men.  
Restore what was once a beautiful thing.

In the face of my God I'll collapse!

We wait for the outcome  
Just face what you're running from  
(That's all we are, that's all we are in the face of my  
God I am)  
So that in me you may have peace  
I have overcome the world

(That's all we are, that's all we are in the face of my  
God I am)

My refuge, my fortress, defender, protector,  
My shelter, my shield, my tower of strength  
My refuge, my fortress, defender, protector  
Tower of strength, my tower of strength  
Come deliver me!
