A happy girl  
A happy boy  
A happy son  
A happy friend

All living in a happy world  
All living in a lonely world

A happy life  
A happy love  
A happy mind  
A happy soul

We are living in a happy world  
We are living in a lonely world

A happy girl  
A happy boy  
A happy son  
A happy friend

All living in a happy world  
All living in a lonely world

A happy life  
A happy love  
A happy mind  
A happy soul

We are living in a happy world  
We are living in a lonely world
