Four walls surround me  
Don't think, don't speak  
Just listen  
I was once like you  
Can't feel my face anymore

The silence that surrounds me  
The walls, they speak of a thousand lives stolen

See my life is no joke  
I want you to know  
That I believe in the Holy Ghost

I don't speak words [x 4]

I feel Love [x5]

Kill one to one... one hundred [x4]

Everyday I get up and ask myself  
Do I do it all to help myself?

It's all about you  
It's all about you  
Stop  
It's all about you

The black of the night don't scare me  
The whites of your eyes don't scare me  
It's the things inside my head that go...  
It's the things inside my head that go round  
They go round  
They go round  
Here they go round

Heartbeat keeps me awake at night  
It beats so hard I can nearly fly  
I fly high without no wings  
That's what scares me  
That's what scares me most

I feel love [x 5]

Kill one to one... one hundred [x 4]

Gotta get out what's on my mind  
It hurts to keep it inside  
Every thought makes me feel  
Like running away  
Like running away  
Like running away

In the night in this side of the world  
When the night goes dark  
That's when it hurts me most  
I don't think  
I don't speak  
The emotion hurts me  
The emotion hurts me

The light travels into blinds  
Like water through rocks and to decline

Higher [x 6]

I feel love [x 10]

Kill one to one... one hundred [x 8]
