[X-Raided]

Nigga,  
While you do this shit for fun  
I do this shit on wax  
Gettin' paid for my raps on my income tax  
Stack G'z, shippin' CD's nationwide  
California to Alaska  
New York to Nebraska  
Ride, when it's necessary  
Otherwise I'm at the record company  
Flirtin' with the secretary  
That shit you speakin' on is obsolete  
Irrelevant issues  
You a wannabe  
And your crew is softer than some Kleenex tissues  
Me next to you  
Is like Mike Jordan next to Muggsy Bogues  
You mug me rollin' in yo Buggy cause we rollin' Vogues  
Jealous fellas must be hatin' it cause I'm havin' mine  
Your animosity got me knowin' I have to have a nine  
And half the time I packs a Mac with two Glocks  
I sport a vest, fuck that shit they did to 2pac  
Don't take it off for shit when I'm in a foreign land  
And can't no white Lac' creep up on my Caravan  
When you the man you gotta roll with major usalama  
You never know who's plottin'  
Be ready for the drama  
And recognize when you slip you slide till' you die  
By homicide, when they got the element of surprise  
Open your eyes and it'll infect you like some poison ivy  
Have you in an ICU connected to an IV  
Lungs collapse perhaps it was premeditated  
Them niggas hate it cause I'm Raided nigga

[Hook: X-Raided, (Dott Dogg)]

They say fellas is hella jealous in Sac Town  
So I don't fuck with 'em  
They Say  
(Fellas is hella jealous in Sac Town)  
(I know what's up with 'em)  
Yeah, they say  
Fellas is hella jealous in Sac Town

I know what's up with 'em  
Fellas is hella jealous  
(In Sac Town, so I don't fuck with 'em)

[X-Raided]

Now you gots to be cautious  
One time's in the hood tryin to hawk us  
You can't slip  
Cause if you slip they aim for the heart  
So after dark I'm on the under in a Skylark  
Them dogs bark  
Sellin wolf tickets but I ain't buyin'  
Tryin' to have me in a casket  
My nigga I ain't lyin  
Get that ass kicked  
If you come to close to the head colas  
Tryin to have you gone  
Takin your dome smooth off your shoulders  
Somebody shoulda told ya  
Soldiers march till' the bass kick  
It's like NASA, you gotta give me space bitch  
Enemy cliques, orbit the hood like satellites  
Knights stayin'  
Cause they can settle through wars, battles, and fights  
They'll try to get you  
Especially if you havin' cash  
Hatin to see you with hoes  
And shit they never had  
You mad cause you broke  
But whose fault is that  
Them jealous fellas  
Is the reason that I brought a strap

[Hook: X-Raided, (Dott Dogg)]

They say fellas is hella jealous in Sac Town  
So I don't fucc with 'em  
They Say fellas is hella jealous in Sac Town

Nigga, fellas is hella jealous in Sac Town  
So I don't fucc with 'em  
Nigga, fellas is hella jealous in Sac Town  
(I know what's up with 'em)

[X-Raided talking]

Yeah... Nigga...  
Hatin ass muthafuckas  
Niggaz' always on the dick  
Everytime I see ya  
Bitch ass nigga... yeah

[X-Raided]

Ths ain't no game  
Studio gangsterism promoted sayin' they ridin'  
But residin in Southern Dakota  
You get checked  
Cause you neglectin' your duties as a warrior  
You get no respect  
I only got love for the neighborhood destroyers  
That put it down with a passion  
If you got funk, you got action  
No hesitation who we smashin'  
And the destination's your barrio  
You better be ready  
Make your brain look like spaghetti  
Then we faster than Mario Andretti  
It's on in a major way  
Playa hatas watch your back  
It's your day to pay  
We ain't gonna play nigga  
We serious as a heart attack  
Bustin' through offensive line  
Breakin' your Quarter back  
Concusion sustained  
Bringin' the pain like Reggie White  
And every night we strapped ready for a deadly fight  
Like Daniel Boone, packin' the big gun that goes boom  
Premeditated, niggaz hate it cause I'm Raided  
It's your day of doom

[Hook: X-Raided, (Dott Dogg)]  
Nigga, fellas is hella jealous in Sac Town  
So I don't fuck with 'em  
Nigga,  
(Fellas is hella jealous in Sac Town)  
Yeah I know what's up with 'em  
Nigga, fellas is hella jealous in Sac Town  
So I don't fuck with 'em  
Nigga, fellas is hella jealous in Sac Town  
I know what's up with 'em

[X-Raided: Talking]  
Nigga what, what  
Better reconize  
X-Raided Loc, yeah  
Dott Dogg  
From Sac Town to Stock Town nigga  
From the South Side to the North Side nigga  
Murder ya'll bitch ass niggaz
