We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We fly in supajets yeah
Fly by like supabats yeah
The Flightattendantsium
I'm gonna get me some

We sell a Zillion records
Bad critics don't affect us
Cause we are evil dudes
we live by our own rules

Champagne and kaviar
That's why cause we are stars
I live on sush and mob
mushi mushi ha oh konichiwa, yeah

My beds are kingkong size
Got my own merchandise
you'll see we pay the prize
Everyday, yeah!

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

All the guys in the house say YEAH YEAH
All the girls in the house go Who!
All the guys in the house say YEAH YEAH
And all the girls in the house go Who!

We drive in bed as cars yeah
we're known from hear to Mars yeah
My lyrics are my day
They have been round ok!

My darling call me up and say
Gene Boy, I'm really upset
We stole her number one
So calling me your ***

I'll pay the dollarbills
Cause money gives me chills
Like diamonds, pearls and gold
Everybody hope, I'm a set of fault yeah

You'd better understand
My wish is your comment
Why don't you lend a hand
Everybody

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

Yeah I'm the maniac machine
I'm dirty and obscene
By they do me I'm smelly
like my little short and belly
Oops, what did I do
I'll do to get to do all the things I want it to
Cause in the land of the stars
who I'll kick it kick it off yo!
Just like that yo!
A little bit of tits and
a little bit of ass
Makes it off together yo
It's superclass

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are

We are, We are, We are, We are,
Evil Supastars, yeah that is what we are
