GIRLS:

[Big Band:]

Anybody blue

Anybody needin' someone too

Anyone feelin' cold,

No one there

You can hold

Don't wait to get old and gray

I'm gonna blow all the clouds away

'Cos there is nothing I would rather do

Forget about the blues tonight,

Sweet thing

Forget about the rules tonight

Sweet thing

I wanna dance with you

Until the sun comes creepin' through

I wanna dance with you

I won't stop pleasin' you

Ah...

Honey for awhile

Give a girl a chance to show some style

If you got no love to spare

Tell me lies

I don't care

You better believe that I

I know some moves that we've got to try

'Cos there is nothing I would rather do

Forget about the blues tonight,

Sweet thing

Forget about the rules tonight

Sweet thing

I wanna dance with you

Until the sun comes creepin' through

I wanna dance with you

I won't stop pleasin' you

Ah...

THE TUBES:

[Rock:]

Lover I want to let you know
I won't take a back seat
Ain't willin' to let you go
I won't take a back seat
Don't wanna hear what you want
It's gotta be all my way
And I'm makin' sure you stay to see
I'm really a selfish man
I've gotta get right to it
And lover tonight I'm thinkin' of me

Lover
I won't take a back seat tonight
Oooh...
Lover gettin' on my two feet tonight
Oooh...
Got some dancin' to do
Got some dancin' to do
Got some dancin' to do,
Got some dancin' to do

Can't let anyone get to you
I won't take a back seat
Let me show you what I can do
I won't take a back seat
It ain't funny to fool with me
I'd be a sad loser
You're gettin' me mad using me
You tried puttin' a spell on me
'Cos I had a strange feelin'
You'd better get down to healin' me

Lover
I won't take a back seat tonight
Oooh...
Lover gettin' on my two feet tonight
Oooh...
Got some dancin' to do
Got some dancin' to do
Got some dancin' to do,
Got some dancin' to do
