Toward the galaxy
Hate is the key
Close the gardens
Orchard of fruits and seas
Standing at the gate
Almighty galaxy
Preacher of a misanthropic sect
Blue, black, grey unity... Ah...
Journey upon invisible horizon
Open a window and see
White snow collapse on aquarelle
Lies in belief
Thousand unfold screams perish
In thirst rhythms
Thunder cast you down

All together on blade
Feel the absence of floor
Toward the galaxy
Hate is the key
Close the gardens
Orchard of fruits and seas

Standing at the gate
Almighty galaxy
Preacher of a misanthropic sect
Blue, black, grey unity
