Your skin is always on my mind  
My body's trembling all my blood is racing blind  
It's never been so dangerous  
The things you do to me  
Everytime we...  
Touch I should just run but  
I can't fight it anymore

I need you tonight  
Wrap your aching arms around me  
Hold me so tight and  
Never let me go until you say  
All the words that you didn't today  
When you left me here this way  
I don't care if I'm wrong or I'm right  
I just need you  
I need your sex tonight

This fever never goes  
The scars you left inside  
Remind me everyday  
I've never felt so lost and free  
Take anything you want  
Anything from... me  
I should just run but  
I can't fight it anymore

I need you tonight  
Wrap your aching arms around me  
Hold me so tight and  
Never let me go until you say  
All the words that you didn't today  
When you left me here this way  
I don't care if I'm wrong or I'm right  
I just need you  
I need your sex tonight
