Verse:

Feels like I'm floating on a cloud
You gave my heart the song
I want to sing out loud
I feel so blessed to have
A love that I dreamed of

I'm on an emotional high
Yeah emotional high

Chorus:

Boy let me count the ways
I love you
Boy let me count the joys
You've brought into my life
Boy let me count the ways
I feel when I'm with you
I'm on an emotional high

Verse:

Baby you're everything I need
You're the honey baby
That makes this life so sweet
And I pray the way I feel
Will never go away because it feels
So right
Yeah it feels so right

(Chorus)

Verse:

One, I'm so in love with you
Two, every days brand new
Three, finally I'm complete
Four, you're the one I adore

(Chorus)
