It's double o, double x too, corrupt codes, street talk Nobody gets a job no They got robbed, Went to the cop, He didn't do shit And we ask why not They say no to anything They say the same thing If you lost a ring They say they can't help you with it So we! Bringing em Pow Gangstas killing around Sounds of gunshots in the town Three cops killing cuz they fucked with the wrong crowd The government is killing us too Its gonna destroy our souls Asking for more than you could pay They don't wanna let you go, go

[Xero singing low] (Xero singing high)

See them laughin While they playin With our minds Everytime

But we gotta stand against it They messin with our lives

Wise men said Stand up for ur right

The only way to accomplish Is to keep a clear sight

See they don't give a fuck If we demonstrating They still negating That's why we hating We see no change Only shit they creating

It's time to make a change Rearange the game Proclame A fair-minded leader Who stands for the weaker Helps them rise, forget them lies Not destroy them like reapers

And i know we can make it U see the chance? We gotta take it Stop the fake shit Cuz i fuckin hate it

We're all on the same boat Gotta learn how to row

Together, united A political war And we can fight it U think the same then ur invited

It's a fight about future, U don't fight, then u sink Stop for the moment and think
