Rodgers)

It makes me sad
To think of you
Because I understand
The things you do
There is no one else
Can take your place
And in my life alone
I hide my face

Come t together in the morning
I can understand your mind
Come together in the morning
See the .world the same as me

There was a time
It's in the past
I thought our love
Was going to last
But now you say
You're tom in two
That's what my love
Has done for you

Come together in the morning
I can understand your mind
Come together in the morning
See the world the same as me
