Some say love is  
Some say what is love  
Some say is love  
Really all around  
Really all around

Some say life is  
Some say what is life  
Some say is life  
Really all around me

But I say easy  
Easy on my soul  
Easy  
Easy on my soul  
Easy  
Easy on my soul  
Some say love is  
Some say what is love  
Some say is love  
Really all around

I want to tell you my story  
I want to tell you I'm crying  
Ev'ry day  
Easy  
Easy.
