"Goodbye"

Visit "[Goodbye](#)" on MotoLyrics.com

Death travels slowly charity favours / cost of the
moment crust of the crater

Sober and gentle base of the total / craft of the hopeful
founded in style

C And air - people are waiting for me / My name will fall
in the rain

Death travels slowly upwardly mobile

Pope of the gentiles, scourge of the missiles

Past of the nubile told in the papers / Lost in the chases
over the climb--C
