Stand by your shadow
Now you're compleated
All kinds of lights
Show me you're there
Slowly through sunsets
Somehow the air is oh so bright
Mouth on my mouth we'll be sailing away
And someone shines on
Somewhere out there
When I'm bewildered
When all the world is going wild
Show me an island
Just for old time
Turn to me slowly
Close as the air and oh so bright
Sleep with me gentaly
Songs on the wind
And someone shines on
Somewhere out there
From the L.P./Cassette "In Mistereous Ways".
